██, do you have a clean copy of the original email you received from Jason Foy? I don't want to put the whole email chain I received in the case file.

Sounds good. Name didn't come up. The OIG agent pulled the attached materials by running the email, and found it comes back to a ██████████████████ from Las Vegas. No criminal history. Materials attached.

That is probably a good idea. Thanks.

I assume that name ██████████, if it is a real name, hasn't come up elsewhere in the case to your knowledge. I'll run some additional checks tomorrow in the office.

Hi ██,

Do you want an NDO on this? Assuming yes, I'll send this over to the court.

Hi ████,

██████ received the below threat, and her attorney has asked that FBI conduct a threat assessment. Her plea to the DP is tomorrow I know that ██████ is on leave, and I asked the case team to also reach out to Det. ██████, although I'm not sure if he's available. Would it be possible to assign someone to do a threat assessment if ██████ cannot do it? Happy to discuss further by phone, and I'm sure the AUSAs would be happy to cut any needed subpoenas. Thanks very much.

██████,

Good afternoon. At 12:22pm my partner, James Seplowitz, received the email below. I interpret the email as a threat against ██ safety. I am requesting that the Government use its resources to thoroughly expeditiously investigate the perceived threat and let us know whether it is credible.

Note that I believe the email went to my partner because when people email us from the link on our website, it goes to my partner and not me. Please give me a call to discuss in further detail. Thank you.

Jason
