This is your Palm beach post lady. Do you want to call her? We did not talk about the sealing of that document. Only talked about her experience with Epstein. If you want me to call, I will, but I know you have the relationship with them and were going to call them about tomorrow.

The case in which the Non-prosecution agreement was released to the victims and victim's attorneys is Jane Doe v. United States of America, 08-80736. It was released pursuant to protective order which is why I cannot discuss the contents of the Non-Prosecution agreement.

Michael,

I can verify that a State court Judge granted our Motion to Unseal the Non-Prosecution Agreement; however, Epstein filed an appeal and the appellate court has not issued an Order. So, for now, it is still a sealed document and not a matter of public record.

Will the US attys office talk to you? Because they obviously know. FBI on the Tannin and Cioffi (Bear Stearns) case knows. I doubt they will talk though. The people that are in the know are holding the info very close to the vest, as I am sure they are being told to do so. Can you contact Radar? Maybe they will reveal the source. The information about Epstein being "Major Investor Number 1" has been out for awhile. I want to say that was first leaked in November 2008. Following the timelines of the Bear Stearns case as stated in the indictment and the evolution of the sex charges that ultimately lead to the Non-Prosecution Agreement with Epstein is where I started, but it is a long, somewhat confusing and complicated, trail.

The victims were not notified before the deal was reached (the NPA), not even conferred with about the possible deal; in fact the girls were intentionally left in the dark; they were not notified before he was out on work release, and No they will most likely not be notified before he is released. The whole thing has been very secretive from the very beginning, for reasons that are just now coming out.

Don't the victims have to be notified before he can get out? Have you received anything from PBSO or US Atty's saying that he's getting out in the next week or so? Wouldn't they have to notify you and the other atty's?

Don't the victims have to be notified before he can get out? Have you received anything from PBSO or US Atty's saying that he's getting out in the next week or so? Wouldn't they have to notify you and the other atty's?

Will the US attys office talk to you? Because they obviously know. FBI on the Tannin and Cioffi (Bear Stearns) case knows. I doubt they will talk though. The people that are in the know are holding the info very close to the vest, as I am sure they are being told to do so. Can you contact Radar? Maybe they will reveal the source. The information about Epstein being "Major Investor Number 1" has been out for awhile. I want to say that was first leaked in November 2008. Following the timelines of the Bear Stearns case as stated in the indictment and the evolution of the sex charges that ultimately lead to the Non-Prosecution Agreement with Epstein is where I started, but it is a long, somewhat confusing and complicated, trail.

Thank you. We have our answer then. All the pieces are public record – Complaint filed by Josephsberg regarding Epstein being at the club with Ghislaine Maxwell and taking a 15 year old home with him, a newspaper article that indicated he was banned for similar conduct (don't remember who published it but I read it a few months back), and a no comment from Trump. He's banned. Don't worry, we will get the official word. We are setting many depositions soon and certain people that will be set will know that information. I will keep you informed. Good work. I'll be in touch.

Brad,

We have no way of getting the members or the banned members lists.

However, I spoke to Donald Trump today – nothing like getting it from the horse's mouth!

Anyway, he said Epstein is not a member and would not confirm or deny that he ever was a member. He would not comment at all (which is very rare for him) on whether or not Epstein got booted from the club or if he had recruited girls from Mar-A-Lago.

Sorry I couldn't be more help. I really thought that he would say something. He usually does comment for all of our stories. That's why this was quite unusual.

If you get any info, please pass it on....like if any info comes out during depos of anything related to Epstein getting booted from the club or about him recruiting girls from there. You know I will run with it!

The case in which the Non-prosecution agreement was released to the victims and victim's attorneys is Jane Doe v. United States of America, 08-80736. It was released pursuant to protective order which is why I cannot discuss the contents of the Non-Prosecution agreement.

Brad,

I actually got ahold of Duane yesterday. He referred me to his supervisor, saying he could not talk to the media. Then I got his supervisor, Ken Johnson, who also told me that he couldn't talk to the media and that I had to call the Dept. of Corrections in Tallahassee. There I got a very helpful woman, Jo Ann Ratcliffe, who told me that the Dept. of Corrections doesn't have any records from his stint in jail. They begin their monitoring of him today. But she did send me court records, including a document that says he WILL NOT wear an ankle monitor. I wrote about that today....Apparently, the original court record was wrong and not wearing the monitor was part of his plea deal.

I will try to find out about the Virgin Islands thing.

My real problem is with the PBSO, which are holding all of his jail records, his work release stuff, etc. They are really stymying me getting the records that I want....My next step is to go directly to Ric Bradshaw's office, since his underlings are NOT giving me the records - that are public records.

Please let me know if you have any additional info - or particularly any scoops.

I'm not sure if we can or can't get the info because it's not a governmental body and I don't think it has to provide those records to us....But I am going into a news meeting and will ask if there's a way we can pursue this. There are other reporters here who know some key staff members there, I think, and maybe they can help get that info.
What time period are we looking at? What specific years, do you know?

Brad,

Thank you very much for your help, it was a pleasure to meet you and I look forward to collaborating with you on this case.

Today I received the best possible news; confirmation that is, from both the Mexican Attorney General Eduardo Medina Mora and the Mexican Ambassador to the U.S., Arturo Sarukhan, that child trafficking is operated by the Mexican Cartels!

This is the first time that 2 key Mexican government officials confirm this. In the meantime and if we can prove that JE is involved in trafficking children for his sexual needs even if she is just ONE victim, he will be linked to a federal crime that is becoming the number #1 issue in criminal investigation by ICE, FBI, Interpol and all other law enforcement agencies involved in these investigations.

JE's new case (confirmed by unnamed source that FBI just opened new case against JE), might become the biggest federal case of a US non-cartel related trafficking crime!!! NOW THAT'S A WINNING CASE all round!

Let me know how you want to pursue this.

We'll be in touch.

Best,
Conchita

You're right Brad, it would have to be focused (any media initiative), strictly on the issue that is the power of power in sexual abuse.
older, powerful men using their influence and money to abuse system.

The dynamics of the two cases are so different, not factually but procedurally (meaning Epstein was already sentenced and Polanski was not). I am unsure as to how we could use one to help in the other. Maybe Anita could help get people together on this front. I think the idea of Palm Beachers speaking out, picketing, or voicing public opinion is great irrespective of any Polanski connection, so if that can be done, then it should be done.

Hi Brad,
The media buzz surrounding polanski's arrest in Zurich based on a 70s warrant for his arrest on charges that he had sex with 13 year old shld be leveraged in epstein's case now!!!
Maybe mother's in palm beach can create a stir and a vigil against men in power who abuse children?
What are your thoughts?

Warmly,
Conchita

Michael,

I can verify that a State court Judge granted our Motion to Unseal the Non-Prosecution Agreement; however, Epstein filed an appeal and the appellate court has not issued an Order. So, for now, it is still a sealed document and not a matter of public record.

Hi there. Been off on other matters, but understand there have been some interesting developments on this of late. In particular, was told about an affidavit that mentions some interesting names of people who you are now about to subpoena. Would like to talk.

Brad- great talking to you, you certainly gave me plenty to think about. Can you please forward me a copy of one of those letters to the victims and a couple of your complaints— against the us attorney's office and epstein? Also, please let me know if I can talk to one of the victims. -if one or more is willing to go on the record about how they felt deceived by the fbi and prosecutors over the handling of this, I can probably arrange to come down as early as next week.
